*Your RIDGID vacuum comes with a selection of upgraded NXT Accessories. Additional tools and shoes are sold separately. The NXT Shoes only fit RIDGID NXT Accessory Tools and do not fit other RIDGID accessories. Some vac model numbers may not include NXT Accessories.

Tool vs. Shoe:

NXT Max Accessory Tools are our upgraded accessories. These accessories attach and lock to the RIDGID 2 1/2" vac hoses and extension wands. NXT Max Accessories now have new functionality – choose to attach an NXT Shoe.

NXT Dual Accessory Tools are upgraded accessories. These accessories are compatible with 1-7/8 in. and 2-1/2 in. vacuum hoses and wands. The NXT Dual tools are also compatible with NXT Shoes.

NXT Shoes attach to the end of an NXT Accessory Tool. Quickly customize your accessory tool with different shoes for your application, debris type and cleaning surface.
