

Dunhill Pine Christmas Tree

Fraser Hill Farm's Dunhill Pine artificial Christmas tree features a traditional silhouette, lifelike foliage, and an all-metal hinged branch construction for strength and durability. This amazing tree is specially crafted using the finest materials to look realistic and provide you with many seasons of use and enjoyment.

The tree needles are constructed from non-allergenic and flame-retardant materials then painted multiple hues of green so no two are exactly alike. The branches are also lightly frosted in a glittery artificial snow to give the natural effect some extra sparkle and whimsy.

Large G40 faceted lights along with 500 clear LED lights make a statement throughout the tree and take the festivity to the next level. With the Dunhill Pine, enjoy all the long-term benefits that come with owning an artificial tree. Simply unfold out of storage and decorate!

- Lightly frosted with a glittery artificial snow
- Prestrung with 500 clear LED lights and 90 large faceted G40 lights
- Includes sturdy metal base for stability
- 1 year limited warranty
