COLORADO HB 22-1345 DISCLOSURE

Colorado residents: In accordance with Colorado's HB 22-1345, PFAS are a group of over 14,000 chemicals that have been used for decades to improve product performance, including providing stain, grease, soil, and water resistance. This non-stick cookware uses PFAS chemicals to prevent food from sticking to the surface. The U.S. Food and Drug Administration regulates the use of PFAS substances in cookware to ensure they are safe for their intended use. Our products comply with FDA's PFAS requirements. Please visit <https://www.fda.gov/food/chemical-contaminants-food/authorized-uses-pfas-food-contact-applications> [fda.gov] for more information on this important issue.
