## SINGLE ARCHITECTURAL SERIES GATE OPENER KIT WITH BATTERY BOX | DTP1

Gate Opener Arm with 6' cable. System control box, controller, battery box with (1) 12V battery, (1) estate bracket, and (1) premium 5-button remote control.

## DUAL ARCHITECTURAL SERIES GATE OPENER KIT WITH BATTERY BOX | DEP2

(2) Gate Opener Arms (first arm with 6' cable and second arm has a 30' cable for a 24' opening.) System control box, controller, battery box with (1) 12V battery, (2) estate brackets, and (2) premium 5-button remote controls.

## PREMIUM 10 WATT MONOCRYSTALLINE SOLAR PANEL KIT | AXDP

The monocrystalline 10W solar panels are a great solution for anyone who is installing a gate operator system in a remote location that does not have easy access to 120VAC power.

## PREMIUM REMOTE TRANSMITTER | AXP1

The premium remote transmitter will control up to two separate GHOST CONTROLS® gate systems (single or dual) by providing the ability to open or close, enable or disable PartyMode®, determine gate opener system battery status.

## WATER RESISTANT REMOTE TRANSMITTER WITH MOUNTING BRACKETS | AXR1

The water resistant remote transmitter will control up to two separate GHOST CONTROLS® gate systems (single or dual). Includes universal mounting bracket for golf carts, ATVs, tractors, motorcycles, etc. Has large Glow-in-the-dark buttons for use with gloves.

## STANDARD REMOTE TRANSMITTER | AXS1

The standard remote transmitter will control up to two separate GHOST CONTROLS® gate systems (single or dual).

## PREMIUM WIRELESS KEYPAD | AXWK

The Premium Wireless Keypad is the superior gateway to your GHOST CONTROLS® gate systems and provides unprecedented control and capabilities. This outdoor keypad opens and closes the gate and also provides the ability for you to activate or deactivate PartyMode® plus additional features for your system only available through a keypad such as 1KEY® or PartyMode Secure® and VacationMode™. The Wireless Keypad can also be used as a wireless exit if placed inside of your property.

## OUTDOOR MOUNTING PEDESTAL | AXGN

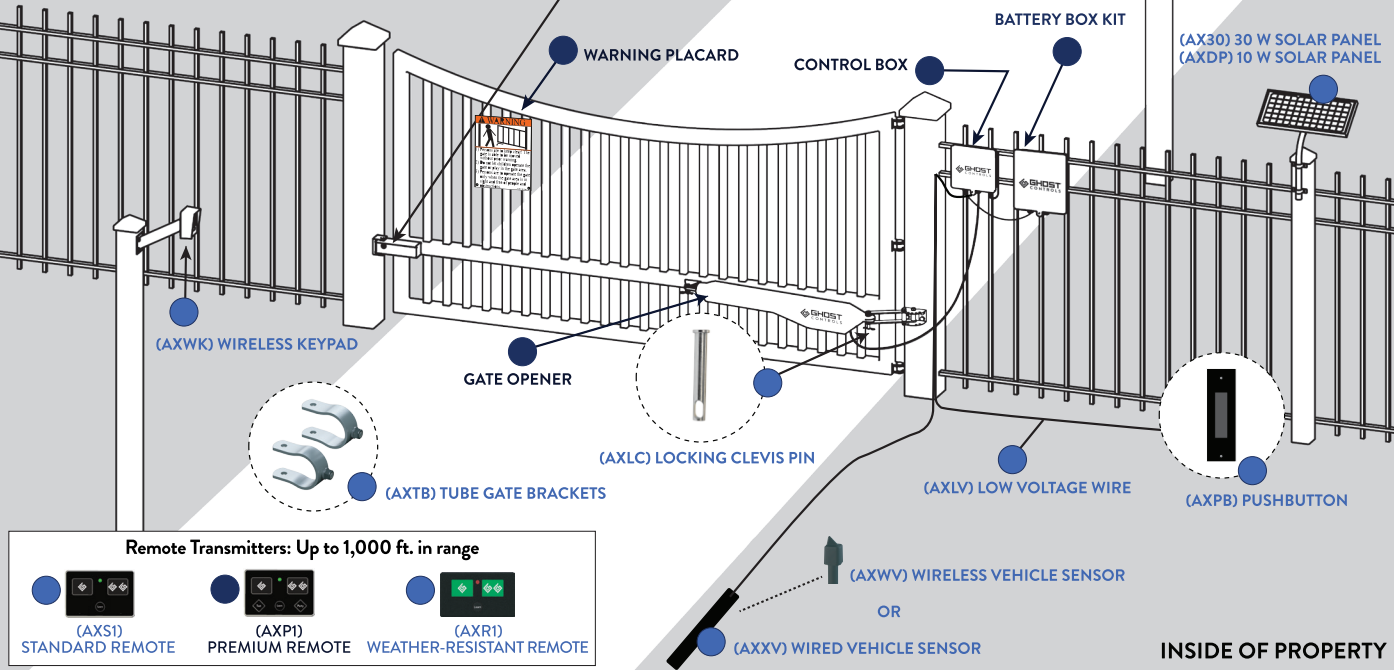

A simple and convenient solution for adding a Wireless Keypad to any post or column. This bracket is powder-coated aluminum and allows added convenience for access to a keypad from any vehicle.

## LIMITED LIFETIME WARRANTY ON MOTOR AND GEAR ASSEMBLY!

### WIRELESS VEHICLE SENSOR | AXWV

The GHOST CONTROLS® Vehicle Sensor is the easiest way to trigger your gate to open when a vehicle is trying to exit your property. The sensor is buried beneath the ground surface next to your driveway and wirelessly transmits signal to open the gate.

### WIRED VEHICLE SENSOR | AXXV

The GHOST CONTROLS® Vehicle Sensor is the easiest way to trigger your gate to open when a vehicle is trying to exit your property. This sensor is buried beneath the ground surface next to your driveway and connects into your gate controller box with a 55 foot cable.

### ZOMBIELOCK® | AXZL

The patented ZombieLock® with advanced feedback to your GHOST CONTROLS® gate controller is ideal for windy locations.

### UNIVERSAL TUBE BRACKET KIT | AXTB

The Universal Tube Bracket Kit is an ideal solution for easily mounting your gate opener front mount, AXZL ZombieLock®, or a variety of other things to a tubular or chain link gate or fence.

### WIRED PUSH BUTTON | AXPB

The standard push button will control a single or dual gate system up to 1,000' ft away with low voltage wire (not included).
