

Fitting & Care Instructions

Installation

1. Drape your Golf Car Enclosure over the roof of your golf car with the zippered panel at the back.
2. Pull the cover from front to back onto the roof. Make sure the front of the roof enters the cover pocket first.
3. Attach the 8 elastic hooked straps along both sides of the car (4 on each side).
4. Zip the rear panel down over the back of the car. See figure 1.
5. The side doors open with zippers. To keep the doors open roll them to the back and fasten them with the provided straps. See figure 2.
6. There is a zippered opening in the back so you can easily load and unload your golf clubs. See figure 3.
7. The front window rolls down and into the front hideaway pocket for storage. See figure 4.

Tip: If the clear vinyl windows on your cover are wrinkled from storage you can smooth them out with a hair dryer. Be sure to set the dryer on low and hold it at an appropriate distance.

Tip: Clean clear vinyl window with mild soap using your hands to avoid scratching the surface.
