24" Wide Clean Area

Our surface cleaner is a good cleaning assistant for cleaning up the stubborn debris on the ground. The high working pressure provides a fast cleaning.

3 High-efficient Nozzles

The pressure flat surface cleaner has fast-rotating jets with a 25-degree spray angle to achieve a better cleaning effect. Max. water flow at 8.5GPM.

304 Stainless Steel

The rotating surface cleaner is made of robust stainless steel material, can be used for a long time without corrosion, deformation, or damages.

Our Advantages

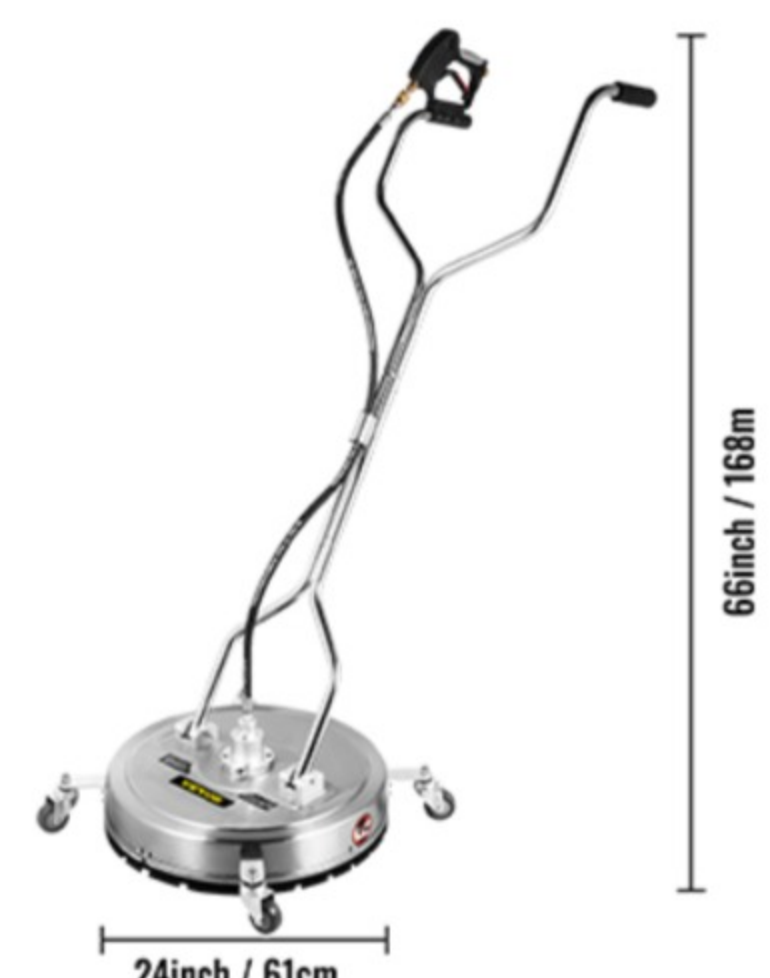

Here are many user-friendly designs on the power washer floor scrubber. 180-degree adjustable handle, 4 universal castors, and bristles all help you get an easy operation.

Fit for 3/8" Connector

For your quick installation, you should use a 3/8" quick connector to connect the water hose —different modes of trigger gun for your convenient use.

Wide Application

The 4000PSI surface cleaner is widely used on many occasions for ground cleaning. Suitable for patios, decks, driveways, sidewalks, etc.
