

70-120

Waxed Paper Underlayment

for Wood Flooring

PROTECTION

Will help as a barrier between wood subfloor and new floor on above grade installations

QUALITY

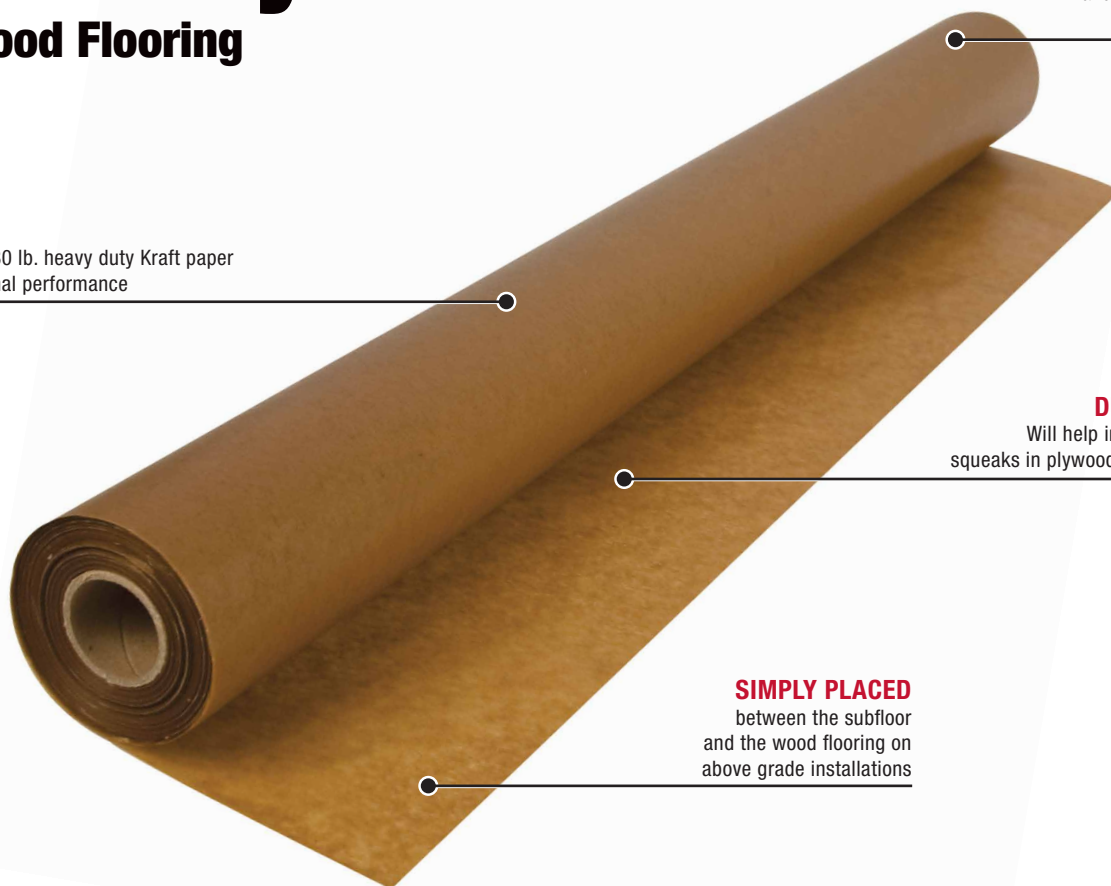

High quality 30 lb. heavy duty Kraft paper for professional performance

DURABLE

Will help in reducing squeaks in plywood subfloors

SIMPLY PLACED

between the subfloor and the wood flooring on above grade installations

ROBERTS® 30 lb. Waxed Paper Underlayment Roll is recommended for the installation of hardwood and engineered nail-down flooring. The wax paper provides a professional-grade thickness and performance to help ease the installation and reduce squeaks in wood floors.
