No.	A	B	C	D	E
Name	Wire Shelf	Upper Pole	Lower Pole	Plastic Clip	Leveling Foot
Parts					
Quantity	5PCS	4PCS	4PCS	40PCS	4PCS

Assembly Steps:

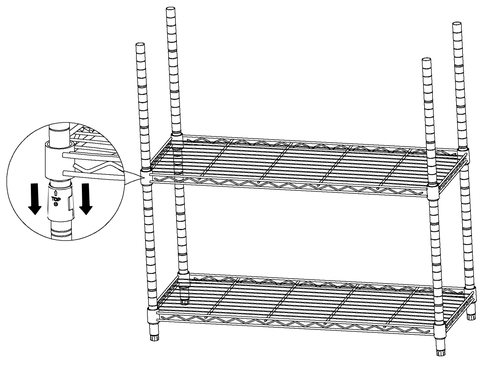

① Screw the Leveling Feet (E) into the bottom of Lower Pole. Snap the Plastic Clips (D) into the pole grooves of lower poles(C) at the same position and make sure that the arrow of plastic clips are pointing up.

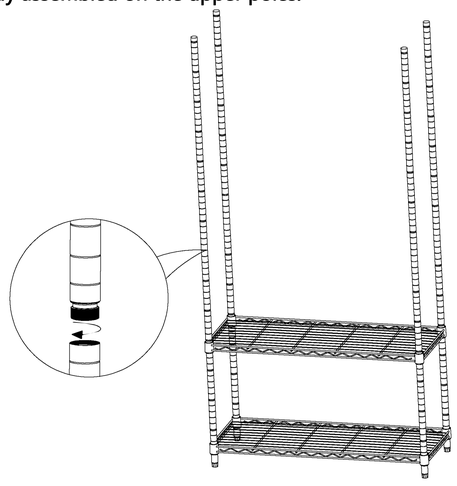

② Please make sure that you have the wire shelf(A) the correct way up. Hold the shelf on its side and slide the top of four lower poles through the bottom of each shelf at its corners until there is snug fit. After 4 poles have been slid through the shelf collar holes, set the shelf upright.

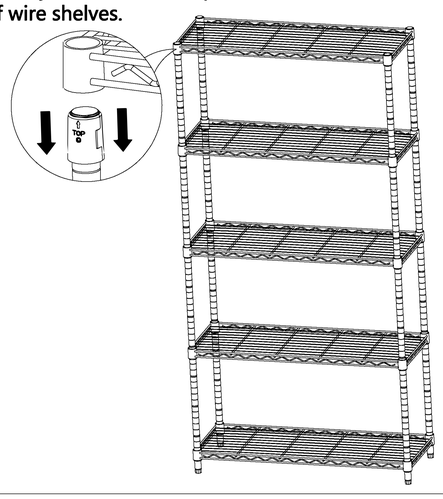

③ Refer to the Step ① to snap the plastic clips on the grooves of four pieces of lower poles at your desired position and slide down the wire shelf from the top of each lower pole down onto the plastic clips.

④ Screw upper poles(B) into lower poles by screw connectors which is already assembled on the upper poles.

⑤ Refer to the Step ③ to snap the plastic clips on the same grooves of each pole at your next desired position to assemble the other Three pieces of wire shelves.

⑥ Pushing firmly down on every wire shelf at its corners by rubber mallet to ensure all the shelves in a place over the plastic clips.And screw leveling feet in or out to attain proper leveling.
