

Welcome to Klean-Strip® Green®.

Klean-Strip Green Paint Thinner contains no Hazardous Air Pollutants*, no ozone-depleting chemicals, and is low VOC. It is a revolutionary, paint thinner formula that thins, cleans, and preps. It is milky-white in color and can be used to thin any color of oil-based paint, stain, and varnish without affecting the color of the dried paint. Paint Thinner is also ideal for removing dirt from metal, plastic, wood, and painted surfaces so paint will adhere. It is excellent for cleaning up after a painting project by removing paint spills and cleaning brushes, pans, buckets, rollers, stirring tools, foam applicators, and spray equipment. Nylon brushes are left soft and in great condition.

DIRECTIONS FOR USE: For best results, shake well before use. Product should look milky-white. Dries clear.

- Use where mineral spirits is recommended for surface preparation, thinning or clean up.
- **Thinning Oil-based Coatings:** Add gradually and stir thoroughly until desired consistency is obtained. Do not use to thin latex paint.
- **Cleaning Tools & Surfaces:** Apply to an absorbent material such as a cotton cloth or rag and wipe. Wash hands with soap and water after use.
- **Cleaning Brushes & Rollers:** Agitate brush or roller in product until all residue is dissolved. Press out excess, wipe with a clean towel, and lay flat to dry.
- **Cleaning Spray Guns:** Follow spray gun manufacturer's instructions.

IMPORTANT: Carefully read all directions, notes and cautions prior to use. Only use this product as directed on the label. Do not use for any other purpose. Protect eyes with chemical splash goggles and avoid prolonged skin contact. Could cause flaring of natural bristle brushes. Do not allow product to freeze.

STORAGE: Keep it in a cool, dry place, out of direct sunlight.

DISPOSAL: If container shows signs of deterioration, dispose of product. Dispose of empty containers and leftover product at your local household hazardous waste collection facility. If one is not available, dispose of in accordance with federal, state and local regulations.

DANGER! HARMFUL OR FATAL IF SWALLOWED. Contains Petroleum Distillates. Do not swallow.

FIRST AID: IF SWALLOWED, immediately call the Poison Control Center (1-800-222-1222), hospital emergency room or physician for instructions. **IN CASE OF EYE CONTACT,** immediately flush with water, remove any contact lens, continue flushing with water for at least 15 minutes, then get medical attention. **IN CASE OF SKIN CONTACT,** wash with soap and water. If irritation persists, get medical attention.

KEEP OUT OF REACH OF CHILDREN.

Product Category: Paint Thinner **MAX VOC: 3%**

*65% less solvents used than regular Klean-Strip® Paint Thinner and no Hazardous Air Pollutants. No environmental benefits are claimed for this product beyond those specifically identified on the label. Neither this product nor any of its ingredients are considered to be flammable liquids by the Consumer Products Safety Commission.

INSTRUCCIONES PARA EL USO: AGITE BIEN

- Use cuando se recomiende el uso de alcoholes minerales para la preparación de superficies, dilución o limpieza.
- Dilución de revestimientos a base de aceite: Agregue gradualmente y revuelva hasta lograr la consistencia deseada. No use para diluir pinturas de látex.
- Limpieza de herramientas y superficies: Aplique usando un material absorbente como tela o paño. Lávese las manos con agua y jabón luego de usar.
- Limpieza de cepillos y rodillos: Aplique el producto sobre el cepillo o rodillo hasta que los residuos hayan quedado disueltos. Exprima hasta eliminar el exceso, pase un paño limpio y extienda para que seque.
- Limpieza de pistolas rociadoras: Siga las instrucciones del fabricante de la pistola rociadora.

IMPORTANTE: Lea cuidadosamente todas las instrucciones, notas y advertencias antes de usar. Use este producto solamente como se indica en la etiqueta. No lo utilice para ningún otro propósito. Proteja los ojos con gafas protectoras contra salpicaduras de productos químicos y evite el contacto prolongado con la piel. Puede causar que las cerdas naturales de los cepillos se abran. No permita que el producto se congele.

ALMACENAMIENTO: Manténgalo en un sitio frío y seco lejos de la luz directa del sol a temperaturas por debajo de 120°F (48.9°C).

DESECHO: Si el envase presenta signos de deterioro, deseche el producto. Deseche las latas vacías y el producto remanente en las instalaciones de recolección de desechos peligrosos para uso en casa que haya en su localidad. Si no hubiera uno disponible, deséchelo de acuerdo con los reglamentos federales, estatales y locales.
