

# 2 in TANK TO BOWL KIT

## Kit de tanque a taza, 5 cm

**EVERBILT**™

**FITS MANSFIELD®**  
 Se adapta a Mansfield®

### INSTALLATION INSTRUCTIONS

1. Turn water supply to toilet "OFF".
2. Flush toilet to remove water from tank (A). Hold handle down until as much water as possible runs out. Remove remaining water with sponge or towel.
3. Detach toilet tank from bowl (B) by unthreading tank bolts (C). Carefully lift off tank. Retain tank bolts and washers.
4. Remove worn flush valve gasket (D) and replace with Everbilt replacement flush valve gasket. Make sure gasket seats properly.
5. Reassemble tank (A) to bowl by installing replacement tank bolts and washers (C). Do not overtighten the tank bolts as this could crack porcelain toilet.
6. Turn on water supply to toilet.
