### 20 Gallon Capacity

The large capacity design can hold up to 20 gallons of oil at one time. Perfect for collecting waste motor oil transmission, brake fluids, and coolant.

### Manual Rotary Pump

The oil drain pan, equipped with a manual rotary pump and 7.2' evacuation hose, can quickly drain oil, antifreeze, and other fluids.

### Smooth & Stable

Two wheels are paired with two swivel locking casters for more mobility and maneuverability, and they have a strong resistance to wear, ensuring stability and smoothness.

### Premium Mesh Grille

The 1.2 mm mesh grille could prevent debris and other parts from falling into the oil. Moreover, the extended metal cover can avoid splash oil and an additional handle on the grille for easy operation.

### Foldable Handle

The foldable handle makes the drain pan can easily be positioned under vehicles. And it can be conveniently stored without taking up too much space.

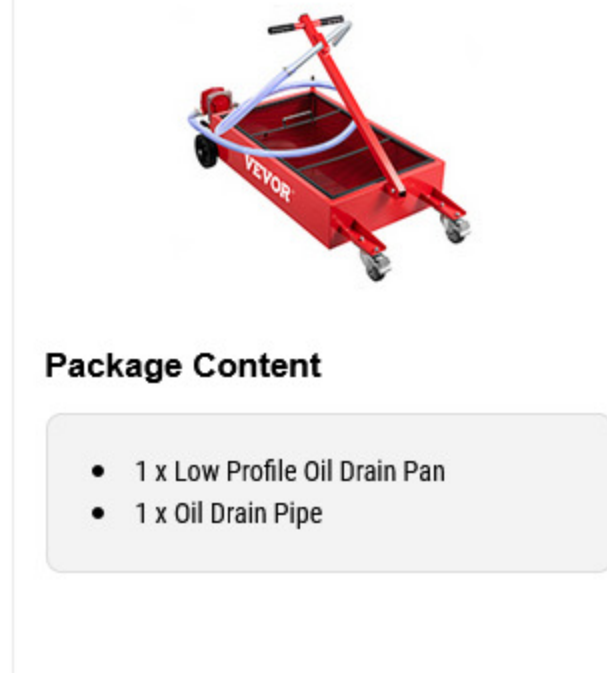

### Sturdy Steel Material

We use the premium steel frame and powder-coated finishing featuring excellent resistance to deformation, rust, and corrosion to extend its life.
