**Specifications**

- Handle is made from anodized aluminum so its heavy-duty yet lightweight
- Hex-shaped handle helps provide ergonomic gripping and resistance to rolling on flat surfaces
- Spring-loaded blade-release cap makes replacing blades easy
- Tool includes with 2 blades - the E10 (black) is designed for deburring copper, PVC and aluminum tubing; the second E20 blade (silver) comes stored in the handle and is designed for deburring brass and cast iron pipe
- E10 and E20 replacement blades are available online (SKUs 304827316 and 304827315) and the deburring tool accepts other industry standard blades

**Product Overview**

Husky's Deburring Tool removes burrs from metal or plastic pipe edges resulting from cutting, drilling, grinding or milling tasks. Boasting a lightweight design, this hex-handled tool creates smooth surfaces for any project. The blades are easy to replace using the push button blade release. Includes 2 types of blades: the black deburrs aluminum, copper and PVC pipes while the silver deburrs brass and cast iron pipes.

**Operating Instructions****Read All Instructions Carefully Before Using**

1. Cut pipe to desired length
2. With the blade inside the tube, using a circular motion, allow the blade to scrape the inside edge of the tube to remove any burrs
