### Wine-Red Home Water Distiller

VEVOR's water distiller is a perfect tool that purifies your water supply to help you get a constant supply of distilled water, whether you're at home or office. This distiller can remove VOC and impurities from your water, and the distilling speed can reach up to 1L of water per hour. What's more, it is not much bigger than a kettle in size and won't take up vast amounts of space, which is a good match even for your small kitchen.

- Efficient Water Distilling
- Trust-Worthy Quality
- Dual Temperature Display
- Reliable Heat Dissipation
- Ease of Maintenance

Vevor Home Water Distiller Distilled Water Maker 4L With Dual Temp Display Red

### Tough Equipment & Tools, Pay Less

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

### Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

### EFFICIENT WATER DISTILLING

### 1L/H Distill Speed

The distillation speed of our distiller is over 1/4 gallon (1L) per hour, thanks to its 750-watt aluminum heating plate. It significantly saves your trouble buying bottled water anymore.

### DUAL-TEMPERATURE LCD SCREEN

### Intelligent Control Panel

The easy-to-monitor panel integrates both setting temperature and real temperature displays. The intelligent control system allows for auto turn-off when the temperature is over 226.4°F.

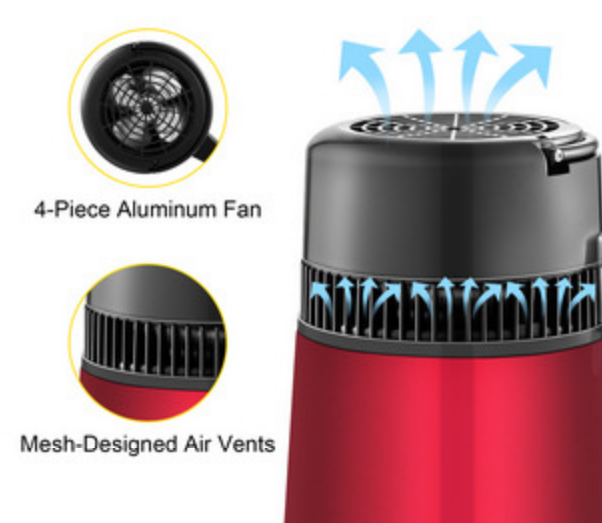

### PREMIUM FOOD-GRADE MATERIAL

### 4L Glass Water Container

The glass container features a large volume of 4L, along with an ergonomic handle. The silicone bottom can act as a buffer to prevent the glass from breaking.

### RELIABLE HEAT DISSIPATION

### Aluminum Dissipation Fan

The 4-blade fan on the top cover adopts aluminum as its material instead of the fragile plastic so that excellent heat dissipation and long service time can be assured.

### CONSIDERATE DETAILS

### 304 SUS Inner Barrel

The barrel is designed with a large opening of 7.3" (186 mm), giving easy access for cleaning. The entire boiling chamber, including the dome, is 100% food-grade 304 stainless steel.

### EXTENSIVE APPLICATIONS

### Carbon Filters & Fruit Cleaner

3 packs of carbon bring additional filtration of distilled water. A bottle of fruit cleaning powder is also available to remove the limescale attached to the inner tank.

### Specifications

- Distill Speed: 1 L/H
- Power: 750W
- Container Volume: 4L / 1.1 Gallon
- Barrel Material: 304 Stainless Steel
- Container Material: Borosilicate Glass
- Item Weight: 12.1 lbs / 5.5 kg
- Product Dimensions:  $\Phi$ 7.7"x14.6" /  $\Phi$ 195 x370 mm

### Package Content

- 1 x Water Distiller Barrel
- 1 x Glass Water Container
- 3 x Carbon Filters
- 1 x Bottle of Fruit Cleaner
