Andersen® 100 Series single-hung windows in white.

A BETTER CHOICE FOR YOUR HOME.

Whether you're replacing or remodeling, Andersen® 100 Series windows and patio doors offer many advantages over vinyl. They offer superior strength and performance because they're made of **Fibrex® composite material**, which is 2X stronger and more durable than vinyl, and they're available in a variety of rich exterior colors that are made to last. Plus, 100 Series windows and patio doors are environmentally responsible and energy efficient, making them a better choice for your home.

287517.indd 2 4/6/21 2:55 PM

Colors That Last

Durable, factory-finished interiors and exteriors never need painting and won't fade, flake, blister or peel,* even in extreme cold or heat.

Exterior colors:

Black | Dark Bronze | Terratone

Sandtone | White

See page 6 for interior color options.

Advanced Craftsmanship

To give your home a beautiful, clean look inside and out, Andersen® 100 Series products feature **virtually seamless** corners. In addition, they feature a low-maintenance, premium matte finish that isn't shiny like vinyl.

Environmentally Responsible

Exclusive Andersen® Fibrex® composite material is composed of **40% reclaimed wood fiber by weight,** most of which is reclaimed from the manufacturing of Andersen® wood windows.

ASK ABOUT ENERGY STAR

OWNER2OWNER®
LIMITED WARRANTY

Most other window and door warranties end when a home is sold, but our coverage — 20 years on glass, 10 years on non-glass parts — offers full benefits, year after year, owner after owner.*

FIBREX® MATERIAL 2X STRONGER THAN VINYL

STRENGTH & PERFORMANCE

HERE'S WHAT HELPS MAKE OUR INNOVATIVE FIBREX COMPOSITE MATERIAL SO REVOLUTIONARY:

- Retains its stability and rigidity in all climates, delivering exceptional durability
- Won't rust, pit or corrode,* even in extreme temperatures
- Withstands temperatures up to 150°F, even in dark colors
- Blocks thermal transfer nearly 700 times better than aluminum to help reduce heating and cooling bills

*See limited warranty for details.
Printing limitations prevent exact color duplication.

WINDOW & DOOR TYPES

Andersen® 100 Series windows and patio doors allow you to create a home in virtually any style. They're available in a variety of styles and shapes, plus you can order them in the custom sizes you need to bring your vision to life.

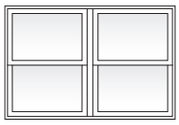

Single-Hung Windows

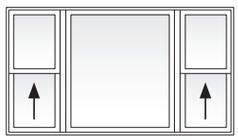

This style features a stationary upper sash that is also available with an arched top to enhance the look of your home.

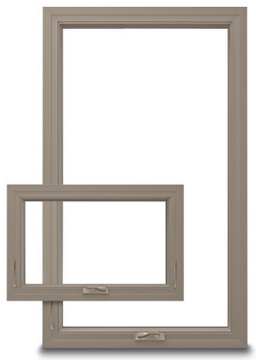

Arch Single-Hung Window

Twin Single-Hung Window

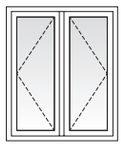

Picture Window With Flanking Single-Hung (More combination options available)

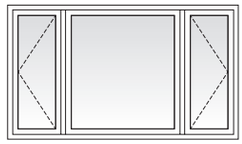

Casement & Awning Windows

Both styles open with a simple turn of a handle and can also be ordered as stationary windows.

Twin Casement Window

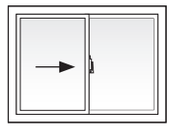

Picture Window With Flanking Casement (More combination options available)

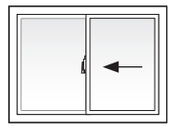

Gliding Windows

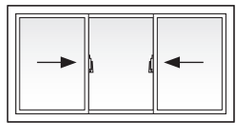

These units have one stationary sash and one that opens. A three-sash configuration, where two sash glide past a fixed center sash, is also available.

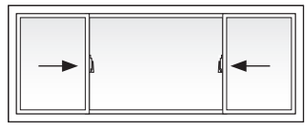

2-Sash (XO)

2-Sash (OX)

3-Sash (XOX)

Unequal 3-Sash (XOX)
(More combination options available)

Specialty Windows

A variety of shapes are available to complement your home's architecture.

Gliding Patio Doors

Patio doors have one stationary panel and one that glides smoothly on adjustable rollers. They feature a multi-point locking system for enhanced security, and an optional exterior keyed lock for convenience. For more character, consider adding Andersen 100 Series sidelight windows on each side of your door and a transom window on top.

Available in custom sizes to fit all projects, including replacement.

GRILLE OPTIONS

GRILLE CONFIGURATIONS

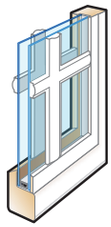

Finelight™ Grilles-Between-the-Glass

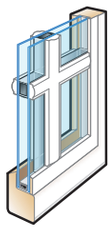

Finelight™ with Exterior Grilles

Finelight™ grilles-between-the-glass make window and patio door glass easy to clean. They have a sculpted profile and allow you to match your interior and exterior color choice. This grille configuration is now available with an option for permanently applied exterior grilles for architectural detail.

Simulated Divided Light

Simulated divided light offers permanent grilles on the exterior and interior with no spacer between the glass.

Full Divided Light

Full divided light offers permanent grilles on the exterior and interior with a spacer between the glass to create an authentic look.

Black | **Satin Nickel**

Gliding patio doors feature a multi-point locking system for enhanced security. Optional auxiliary foot lock is available to secure the gliding panel and provides an extra measure of security when the door is in a locked position.

Exterior keyed lock also available.

Bold names denotes finish shown.
Wireless open/close sensors are available. Visit **andersenwindows.com/connect** to learn more.

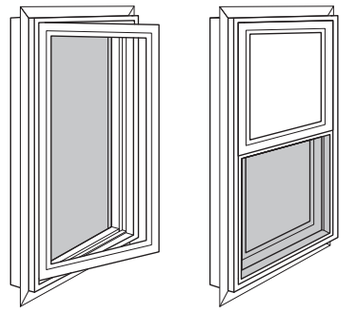

WIRELESS OPEN/CLOSED SENSORS

When you want the peace of mind of knowing whether your windows and patio doors are open or closed, these sensors are a simple, reliable solution. For more information, visit: **andersenwindows.com/connect**

INSECT SCREENS

Insect screens for windows and patio doors have a fiberglass screen cloth. Optional **TruScene® insect screens** for windows are made with a micro-fine stainless steel mesh, providing **50% more clarity** than our conventional insect screens.

Insect screens are available for all 100 Series venting windows.

*Products with dark bronze, black and Sandtone interiors have matching exteriors.
Printing limitations prevent exact duplication of colors. See your Andersen supplier for actual color samples.
