

## Van Zyperden *Fritillaria* *Rubra*

*Fritillaria rubra* bulbs are deer resistant heirloom bulbs that bloom mid-spring, are herbaceous with huge, showy flower clusters. Flowers are downward facing, orange in color, and held high, well above the foliage. Bell shaped flowers. Grows 36-40" tall with lance-shaped, glossy green leaves

- Deer resistant, good cut flower, and multiplies well
- Unique scent helps keep animals out of your garden

**Growing Instructions:** Plant one bulb per square foot, immediately upon receipt

**Care Tip:** Plant bulb at a 45 degree angle so that the water doesn't sit in the stem hole of the bulb

**Exposure:** Likes partially shaded

**Height:** Grows 36" tall

**Spacing/Depth:** Plant 8" apart, 5-6" deep

**Blooms:** Mid spring

**USDA Zones:** Hardy in USDA zones 5-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
