Tabletop Patio Heater

NEW
For
2021!

Provides the perfect amount of warmth for those chilly nights!

11,000 BTU OUTPUT: This small but mighty heater has 11,000 BTUs, the round aluminum heat reflector top plate distributes the heat evenly.

ROTARY DIAL CONTROL: Simply set to your comfort level with the dial knob. Works with 1 lb. propane tank (not included).

SAFETY TILT-SWITCH: Automatically shuts down the heater in case it is accidentally knocked over. Heater also features a burner screen guard.

PORTABLE DESIGN: Lightweight and small, this heater can be easily taken anywhere and set on a table.

LONGER USE WITH 20LB TANK: The propane heater can also be connected to a 20-lb. propane tank for longer use, with an optional hose/regulator (not included).
