

Use and Care Manual

1. Product Introduction

This 2-pack glass tumbler set includes two 24oz (1.5 pounds) cups, each equipped with a handle, bamboo lid, and stainless steel straw. It is portable, reusable, BPA-free, dishwasher safe, and suitable for various hot and cold drinks. The cup fits most car cup holders, making it ideal for travel, sports, office, and daily use.

2. How to Use

- Before first use, rinse the cup, lid, and straw thoroughly with warm water to remove any dust.
- For cold drinks: Add ice and your favorite beverage (iced coffee, juice, smoothie, etc.) to the cup, then cover with the bamboo lid and insert the stainless steel straw.
- For hot drinks: Pour hot beverages (tea, hot water, etc.) carefully to avoid scalding; do not fill the cup to the brim.
- The silicone seal on the bamboo lid ensures leak-proof performance; press the lid firmly to ensure it is sealed before carrying.

3. Care Instructions

- Cleaning: The cup, lid, and straw are dishwasher safe. For better maintenance, hand wash with the included straw brush and cup brush to remove residue.
- Bamboo Lid Care: Avoid soaking the bamboo lid in water for a long time; wipe it dry after cleaning to prevent mold.
- Straw Care: Clean the straw thoroughly with the straw brush after each use to avoid food residue buildup.
- Avoid dropping the glass cup to prevent breakage; do not use it in a microwave or oven.
- Store the cup in a dry, cool place when not in use, away from direct sunlight.

4. Notes

Do not use the cup for corrosive liquids (such as strong acids or alkalis). Keep the cup away from children under 3 years old to avoid accidental injury. If the lid seal is damaged, replace it in time to prevent leakage.
