

Coolaroo shadecloth is made for the great outdoors. Our knitted fabric is designed and constructed to allow airflow to keep you cooler and comes in a range of cover factors – from Extra Heavy, to Medium and Light – so you can easily find one that suits your garden or pergola. Coolaroo shadecloth is strong, durable and resistant to tearing and rotting. And they meet the stringent Australian Standard for exterior outdoor fabrics, blocking out harsh UV light and keeping you cooler in summer.
