## Soundbar TV and Wall Mount Combo

This two-in-one sound bar TV mounting bracket gives you a discreet minimalist design that enhances the smart, modern vibes of any room. It was designed to be able to attach to most TV's VESA plates. Place the mounting brackets either above or below the TV. Or even create a low profile wall mount with the adjustable arms. When used with TV mount brackets, the soundbar mount moves with the TV, allowing your sound to move with your TV. Everything you need to quickly install is included in the packaging.

- Mount either to your TV or to the wall
- Seamlessly integrated with your TV
- Works with any soundbar (up to 6.1" deep max)
- Adjustable arms
- Anti-Skid pads prevent scratches or scuffs
