Professional Potting Mix

with Organic Fertilizer

Great Gardens Professional Potting Mix with Organic Fertilizer is an excellent quality, already blended, ready to use potting mix formulated specifically for houseplants, hanging baskets, deck and patio containers, and bedding plants. It is made from a blend of Canadian Sphagnum peat moss, processed forest products, compost, perlite, a wetting agent and organic fertilizer.

Directions For Use

We recommend wearing gardening gloves and washing your hands after. Use with adult supervision. Fill pot to within 1 to 2 inches from the top with Great Gardens Professional Potting Mix with Organic Fertilizer. With trowel, form a hole slightly larger than the plant's root ball. Loosen the plant's roots and place the plant in the hole to proper depth. Backfill with Great Gardens Professional Potting Mix with Organic Fertilizer and gently press around the plant. Water thoroughly.

Our Company

We take pride in the quality of everything we sell. We are Long Islanders who continue to produce products at composting farms on Long Island.

We make some of the best compost available. Our top soil is rich in organic matter. Our professional potting mix and potting soils are growing mediums designed for all your indoor and outdoor containers. Our Mulch is double processed and screened to create a beautiful garden dressing. For years the horticultural industry has had the exclusive use of our products. Professional container growers, area nurseries, vegetable gardeners, golf courses, Hamptons estates and North Fork wineries have all come to rely on our products.

We think your garden deserves the same products that professionals use. We trust you'll be just as pleased with the results.

Our Pledge

We will sell only high quality products for the garden. We will never sell any product we would not use in our own gardens at home.

Our Guarantee

If for any reason you are not completely satisfied with this product, please call 1-866-779-5845 for a full refund. That's it - no gimmicks, no fine print. We are that confident of our quality.

Disclaimer and Limitation of Liability:
This product is intended as a consumer product. Watering practices, climate conditions, geographic locations and other influencing practices in the use of this product are beyond the control of the manufacturer. As such, results may vary. The exclusive remedy of the user or buyer and limit of liability to Great Gardens Soil for any damages, losses, or injuries resulting from the use or handling of this product shall be the refund of the purchase price.
