OPERATING INSTRUCTIONS

MAKE SURE YOU HAVE READ ALL SAFETY INSTRUCTIONS.

STEP 1

When first using your new glue gun it will take one stick of glue to fill the melt chamber before glue begins to flow out.

 If, when squeezing trigger, glue does not enter gun easily, do NOT continue to squeeze trigger. Glue chamber may not be hot enough to melt glue fully. Excessive squeezing of trigger will cause hot glue to back up and flow out of rear of gun, possibly causing severe burns.

STEP 2

Insert 5/16" (8mm) dia. glue stick through tunnel at back of gun.

STEP 3

The glue gun is on upon plugging it in to the outlet. Wait 3 to 5 minutes to heat up the glue, then apply adhesive by continuous pressure on trigger.

STEP 4

Release trigger to stop the flow of glue. Apply pressure for approximately 60 seconds for complete bonding.

CAUTION: Read Safety Rules and Operating Instructions Carefully.

IMPORTANT: When using electric tools, basic safety precautions should always be followed to reduce the risk of fire, electrical shock and personal injury.

1. Do not touch heated nozzle or melted glue - may cause burn.
2. Work environment should be clean, dry, well lit and clear of flammable or explosive materials.
3. Guard against electric shock. Prevent body contact with grounded surfaces like pipes and appliances. Do not use near water, liquids or rain. Wear rubber-soled shoes.
4. Do not use glue gun with damaged electrical cord. Inspect electrical cord and don't abuse cord. Never carry the tool by

5. the cord or yank the cord to disconnect from the electrical outlet. Keep cord from heat, oil and sharp edges.
5. Keep away from children and animals. Children shall not play with the glue gun. Cleaning and user maintenance shall not be made by children without supervision.
6. Always use safety glasses.
7. Do not leave a plugged-in glue gun unattended during use.
8. Unplug glue gun when not in use.
9. Do not try to remove unused portion of glue sticks from the glue gun as this could damage the tool.
10. Do not use a damaged glue gun.
11. Do not disassemble or attempt to repair this glue gun - service must be performed by an authorized service representative.
