

Earthminded 55 gallon Tight Head Plastic Drums

GP tight head drums answer a wide range of needs for shipment and storage of liquid products including:

- Industrial/agricultural
- Rainwater collection / rain barrels
- Composting
- Planters & feeders
- bio diesel & Bio gas collection

Designed for use with the exclusive Greif Seal, and many other tamper-evident caps.

Drums can be cleaned and reconditioned.

Standard bung configuration of one 2" NPT and one 2" buttress or 3/4" vent offers maximum flexibility.

Other bung configurations available.

Extra-large integrally molded chime provides improved drum handling.

Fully protected bung area and label area. Head design facilitates complete drainage.

Molded-in sump wells for use with pumping equipment.
