

FIDGET™ ACTIVE STOOL

FUEL YOUR FIDGETING WAYS

Your body was built to move—so let it, with the Fidget™ Active Seat. Fidget is built to encourage a natural fidgeting motion that may actually help encourage increased muscle engagement, focus and activity for a movement-rich workday. A great alternative to the classic task chair, this unique seat allows you to move, twist, and rock back and forth to help fuel your body's natural desire to fidget.
