Warning: Use only alkaline batteries. Mixing old and new, different brands or types within brands may cause batteries to leak, overheat or explode. Keep away from fire or excessive heat. Inspect batteries for corrosion or leakage. Insert in direction indicated. Rechargeable batteries not recommended.

Warning: Do not use the Night Vision Monocular under direct sunlight. This may damage the electronics inside. Remove batteries from the nightscope when it is not in use for long periods of time. It is normal for the nightscope to get warm when using it for prolonged periods of time.
