

Chamberlain Group Inc

OMSID 336430734, Model B2310 - FAQs

1. WHAT DO I NEED TO KNOW BEFORE I BUY?

- a. The B2310 is the opener that thinks ahead: a 3/4 HP belt drive for heavy daily use, a built-in wide-angle camera that watches your garage while you're away, and a motion-sensing wall control that lights up when you need it.
- b. Keep in mind that while it comes with a 9.4 ft rail, you might need an extension kit if your garage door is taller than 7 feet. Also, most older accessories are not compatible, so you may need to purchase new ones.

2. WHAT ARE THE KEY FEATURES?

- a. This Chamberlain 3/4 HP Smart Belt Drive Garage Door Opener offers ultra-quiet operation, making it ideal for garages near living spaces. It features motion sensing wall control and smart access with Wi-Fi connectivity and the myQ app, allowing you to control and monitor your garage from your phone, including built-in video monitoring. It comes with 2-bulb lighting for better visibility. It also has Soft Start/Stop and is backed by a 5-year motor and belt warranty.
- b. The 3/4 HP motor is built for garages that get used hard — multiple times a day, heavy doors, or both. More power means smoother lifts and less motor strain over time.
- c. The included motion-sensing wall control lights up your garage automatically when you walk in — no more reaching for a switch with your hands full.
- d. A built-in 130° wide-angle camera lets you see your entire garage from your phone — check on deliveries, confirm the door is closed, or just keep an eye on things while you're at work.

3. WHAT IS ON SALE RIGHT NOW?

- a. Home Depot has two major sales going on right now:
- b. Daily Deals (<https://www.homedepot.com/SpecialBuy/SpecialBuyOfTheDay>) Unbeatable prices on select items, today only!
- c. Savings Center (https://www.homedepot.com/c/Savings_Center) Deals by department, price reduced items, and bulk savings.

4. WHAT ARE THE KEY SPECIFICATIONS?

- a. This Chamberlain 3/4 HP Smart Belt Drive Garage Door Opener offers ultra-quiet operation, smart access via the myQ app with a built-in 130° Wide Angle Camera, and is designed for frequent use. Key specifications include a

3/4 HP motor, belt drive opener type, and a 9.4 ft rail length. It comes with a 5-year motor and belt warranty.

5. WHAT DO I NEED TO KNOW BEFORE USING IT?

- a. This Chamberlain 3/4 HP Smart Belt Drive Garage Door Opener offers ultra-quiet operation, smart access via the myQ app with built-in video monitoring, and a 5-year motor and belt warranty.
- b. Here are some key things to know before using it:
- c. Ultra-Quiet Operation: It has a reinforced belt drive and ultra-quiet DC motor, making it ideal for garages near living spaces.
- d. Smart Access: You can control your garage from your phone using the myQ app, which also provides real-time video monitoring.
- e. Power: The 3/4 HP motor is designed for frequent use and smooth operation.
- f. Lighting: It illuminates your entire garage with 2-bulb lighting (bulbs sold separately).
- g. Accessory Compatibility: The included accessories are ready to use, but most older accessories are not compatible. You can find full compatibility details here: <https://cgi.widen.net/s/c2nxzp2l9j/accessory-compatibility-en-us>
- h. HomeLink Compatible: It works with HomeLink 4 and up.
- i. Power Source: The garage door opener needs to be plugged into a power outlet.
- j. Rail Extension: The standard rail is for 7ft residential garage doors. For 8ft doors, you'll need model 8808CB-P, and for 9ft to 10ft doors, you'll need model 8810CB-P.
