Your Attic Opening is a BIG Problem!!

**Air Leaks
Cause Drafts
& Hotspots**

**Source of
Mold & Poor
Air Quality**

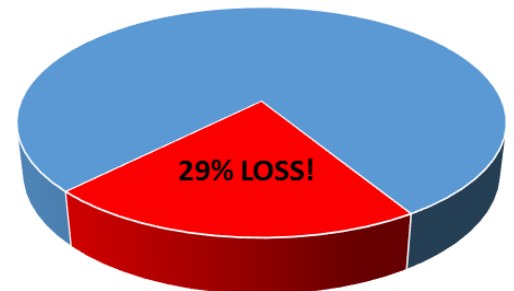

**Slash's Attic's
Insulating
Value**

**The U.S. Department of Energy (DOE)
Requires a Complete Solution!***

- **20 Year Service Life**
- **R-Value Equal to the Rest of the Attic**
- **Made from Non-compressible Insulation**
- **Durable Protective Barrier**
