GORILLA  LADDERS®

EXCLUSIVELY AT 

▶ **SEE AND FEEL THE DIFFERENCE**

The Gorilla Ladders 5.5 ft. Fiberglass Dual Platform Ladder with Project Bucket is the ladder to meet all your climbing needs. This ladder features the same 10 ft. reach height as a traditional 6 ft. stepladder, but has the added benefit of dual platform top steps. These large, comfortable and sturdy steps give you 3X the standing area of a traditional stepladder and allow you to safely complete all your projects without hurting your feet. The versatile Removable Project Bucket gives you a huge, accessible work area that's perfect for paint cans or trays, tools, hardware and everything else you'll need to keep handy while working.

▶ **INNOVATION**

Dual platform top steps open and close with one hand to give you 3X the step depth of ordinary ladders.

▶ **SAFETY**

The strong Fiberglass rails are non-conductive, safe for use around electricity
