SAVOGRAN

TSP
Trisodium Phosphate

ADVERTENCIA: Contiene fosfato trisódico: NO lo ingiera. Todos los limpiadores concentrados son irritantes y pueden causar quemaduras en la piel y los ojos. Use protección integral para cubrir los ojos, guantes y camisas manga larga que le ayuden a evitar el contacto con el polvo y la solución. Tenga cuidado de las salpicaduras, así como las chorreaduras y goteos de arriba y NO permita que la solución se introduzca por los guantes o se humedezca la camisa y haga contacto con la piel. Lave muy bien toda la ropa que se haya contaminado antes de volverla a usar.

Primeros auxilios: Si se ingiere, beba inmediatamente grandes cantidades de agua y llame a un médico, a la emergencia de un hospital o al centro de control para envenenamientos para saber la forma de inducir el vómito, vaya inmediatamente a un centro médico. Contacto con los ojos: Lave con mucha agua por lo menos durante 15 minutos; procure atención médica rápidamente. Contacto con la piel: Lave exhaustivamente con agua y jabón. Si se produce rojez en la piel, detenga su uso y solicite ayuda médica rápidamente.

Formulated for heavy duty cleaning. Removes greasy, sooty dirt and prepares painted surfaces for repainting.

DIRECTIONS: Read **WARNING** below before using this product.

Heavy duty cleaning: Dissolve 1/2 cup TSP in 2 gallons of hot water. Set pail on paper to avoid ring marks. **Walls and Woodwork**—squeeze excess cleaner from sponge or cloth and wash from bottom up to avoid streaking. A second washing may be needed. Rinse cleaned area with clean warm water. **Floors**—wring excess cleaner from mop or sponge and wash floor in small areas. Rinse with clean warm water and wipe up excess water. DO NOT allow water or TSP solution to stand in puddles.

Mildewed Deck and Siding: Remove by washing with solution of 1 cup of TSP dissolved in 3 quarts of warm water and add 1 quart bleach. Use with a U.S. EPA registered bleach product that contains use directions for mold and mildew control. Use solution to scrub area thoroughly, using scrub brush or coarse rags. TSP removes dirt and grime. If stain remains, use second application. (NOTE: Treat entire area, not just the stain.) When mildew stain is gone, rinse thoroughly with clean, warm water and dry surface completely before painting. Use mildew resistant paints where fungus has been a problem. If fungus grows on mildew resistant paint promptly consult with paint manufacturer before removing the fungus.

Lead paint dust: Follow heavy duty cleaning instructions every 2 to 4 weeks depending on level of dust until lead paint can be abated. Also recommended for use after the removal of lead paint for final cleanup. Contact your local Public Health Department for assistance with lead paint abatement.

WARNING: Contains Trisodium Phosphate (C.A.S. 10101-89-0) and Sodium Sesquicarbonate (C.A.S. 533-96-0): DO NOT take internally. All strong cleaners are irritating and may cause burns to the skin and eyes. Wear full cover eye protection, gloves and long sleeved shirt to help avoid contact with powder and solution. Watch out for splashes and overhead runs and drips and DO NOT allow solution to get into gloves or soak through shirt into skin. Thoroughly wash all contaminated clothing before reuse.

First Aid: If swallowed, promptly drink large quantities of water and call physician, hospital emergency room or poison control center for way to induce vomiting, transport to medical facility immediately. Eye contact: Flood with plenty of water for at least 15 minutes; get medical attention promptly. Skin contact: Wash thoroughly with soap and water. If redness of skin occurs, discontinue use and consult physician promptly.

CAUTION: Hot TSP solutions will darken aluminum containers and may remove or degloss paints and enamels. Use very weak solution of TSP to clean printed floor coverings. TSP MAY DARKEN OAK, MAHOGANY and some other woods. Try TSP solution in inconspicuous place to be sure results will be satisfactory. KEEP TSP POWDER AND SOLUTIONS OUT OF REACH OF CHILDREN AND ANIMALS. Contact with TSP soaked papers or puddles may irritate animal's foot pads. NOT RECOMMENDED for use on glass surfaces. DO NOT allow TSP solution to come in contact with glass. Do not mix with acids. Use only according to mixing directions on container. Protect vegetation by spraying plants, grass and shrubbery with a fine water mist prior to using this product. Rinse plants and shrubs thoroughly after use.
