

# HAP SuMo HANGER

## Surface Mounted Pipe Hangers That Hold and Protect

### HAP SuMo HANGER PRODUCT FEATURES

Rounded edges for safe installation.  
No sharp surfaces.

All HAP SuMo hangers are concentric. For jobs that require pipe size reduction, pipes are always on center.

Tempered spring steel allows pipes to easily snap into the bracket during installation.

Fast and easy installation.  
Installs with two screws using a cordless drill/driver.

Durable power coated finish for indoor or outside applications.

Combines the pipe hanger and stud guard protection in one product for vertical or horizontal installations.

Provides a gap between the mounting surface and the pipe.
