

# *Hardwood Reflections* **BUTCHER BLOCK**

**Congratulations on your new Hardwood Reflections Butcher Block piece!**

**We take great pride in our product and hope you love it as much as we do. With proper care and treatment, it will look great for years to come.**

## **Unfinished products**

These pieces must be sealed or finished on all surfaces within 48 hours of removing shrink wrap. When sealing with mineral oil or conditioner, apply an even, liberal coat of conditioner on all surfaces and let absorb for approximately 20 minutes. Wipe off any excess with clean towel. Re-apply as necessary.

If you are staining your block, make sure to stain before using any other finishing product.

If you notice any grain raise with oil or other sealants, you can lightly sand the top with fine grit sand paper. General use and cleaning of this top will require frequent application of conditioner or mineral oil to extend the life of the product. Frequency may range from every few weeks to every few months.

- **There are several other options for finishing your butcher block – please see Home Depot’s paint sales specialist for more information.**

## **Prefinished products**

Prefinished pieces are ready to install. We do not recommend that you cut or alter these pieces, as they are factory finished and difficult to reproduce at home. Avoid harsh cleaners.

## **Warranty**

This product comes with a 90 day limited warranty. It can be exchanged or refunded if the product has delaminating staves, joint separation, or any other damages because of faulty fabrication. The product warranty will not cover product damage due to improper storing, handling, alteration, or installation. Any damage due to transportation must be reported immediately. If upon receipt the packaging appears to be damaged please unpack immediately and check for potential damage.
