

THE NIGHT CADDY® DELUXE BEDSIDE ORGANIZER

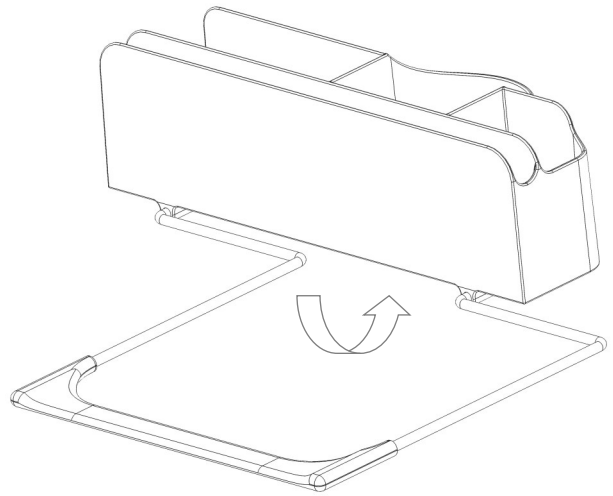

Thank you for purchasing the clutter-free solution to bedside storage and charging™

1. Using a flat surface like a bed, lay the Attachment Arms flat as shown and slide the parts together. If your bed has a box spring with slats, attach the Bracket with the bulges side down. The bulges are designed to rest between the slats. If your bed doesn't have slats, the Bracket can be attached bulges up or down.

1.

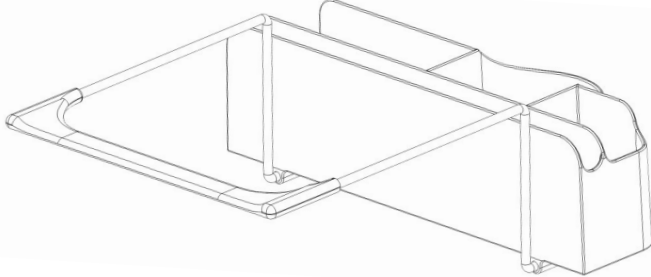

2.

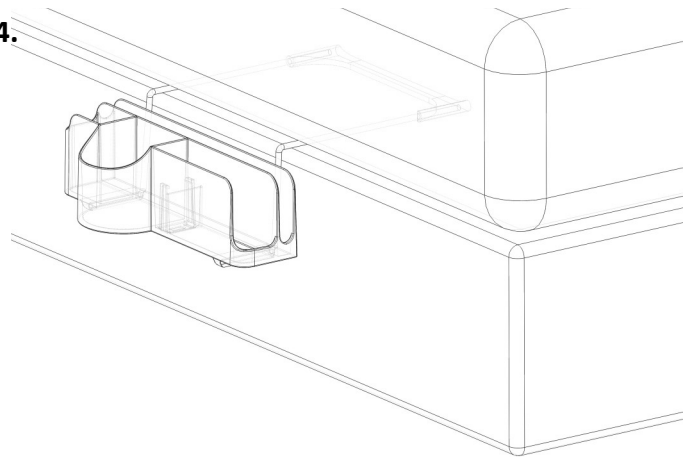

2. & 3. Rotate the attachment up 90 degrees, so it is positioned towards the top of The Night Caddy.

3.

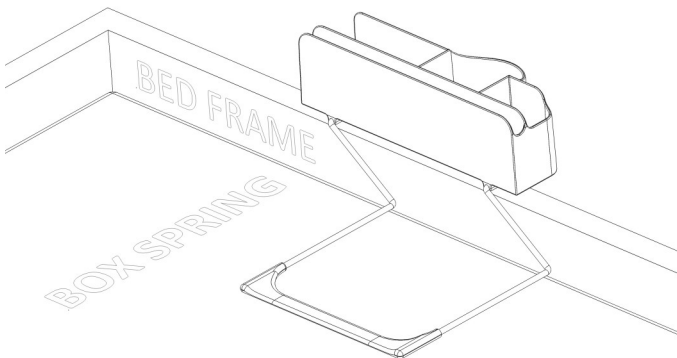

4.

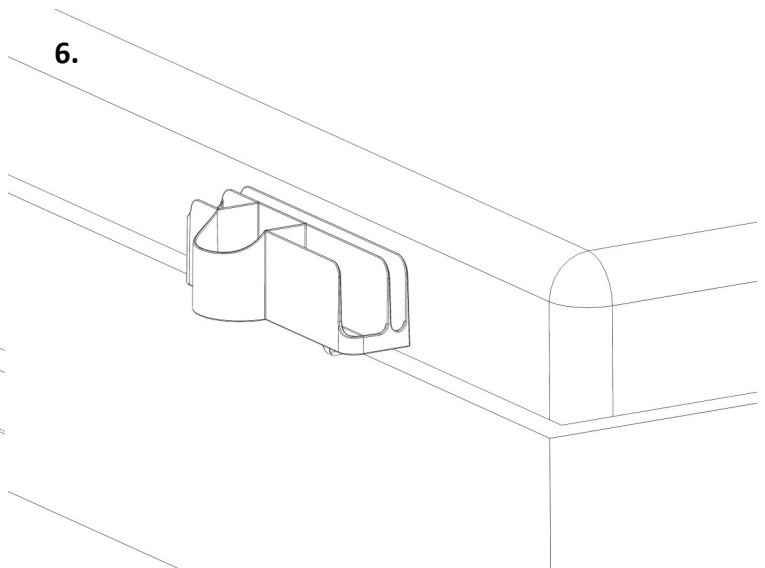

4. Slide the attachment between the mattress and box spring. The Night Caddy is designed to rest below the mattress.

5.

6.

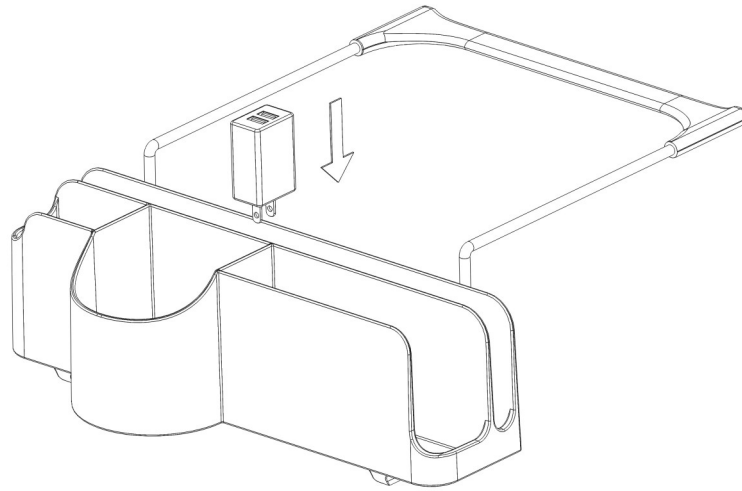

5. & 6. If your bed has a frame, rotate The Night Caddy so it rests on the bed frame.
