

SELF-LEVELING CROSS-LINE LASER WITH PLUMB POINTS

All-in-One Functionality

The Bosch GCL2-160 Cross-Line Laser with Plumb Points delivers a laser with all-in-one versatility, providing highly visible lines and points that can be turned on independently or together.

Installation Time Saver

Cross-line laser projection (level and plumb), wide coverage and plumb points are ideal for alignment of drop ceiling, HVAC, lighting, tile, electrical, plumbing and cabinet installations.

Bosch Exclusive VisiMax™ Technology

Built-In VisiMax™ technology allows for outstanding line visibility in standard working conditions, while protecting the laser diodes from overheating. Power consumption is monitored to maximize line visibility and extend battery life.

**RANGE
(diameter)** **65'
20m**

**EXTENDED WORKING
RANGE UP TO 165 FT.
WITH RECEIVER**

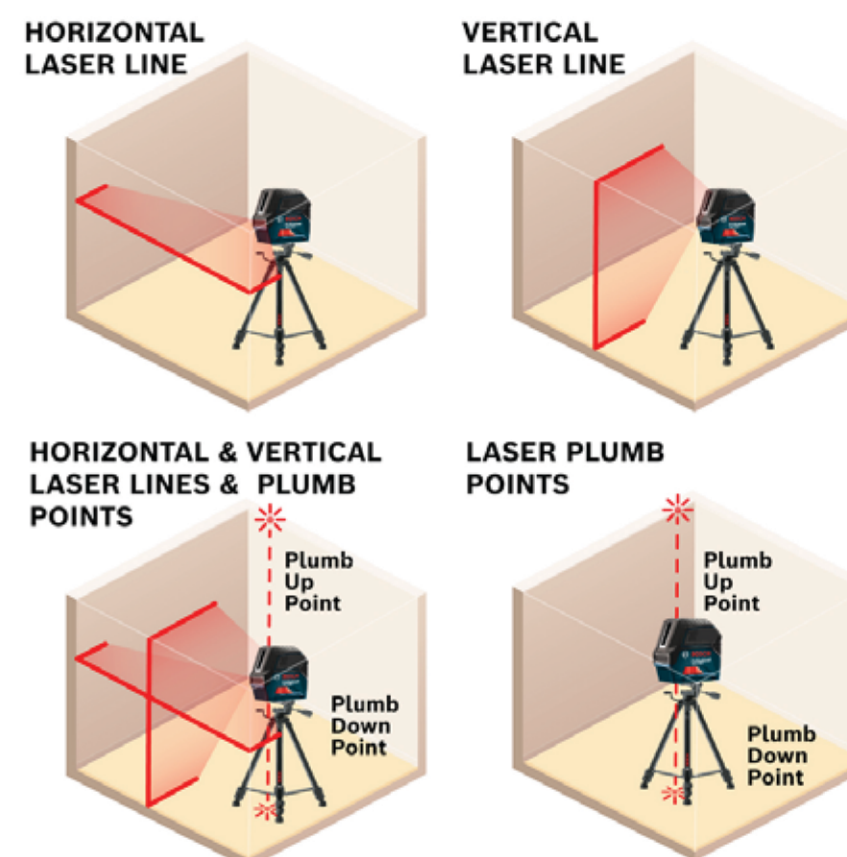

Bright Extended Range

The GCL2-160 provides highly visible lines, with a visible range of 65 ft. and pulse functionality to work with an optional Bosch laser receiver (LR 6 or LR 7) to extend that range to 165 ft.

Jobsite Ready

Robust over-molded construction with an IP54 rating ensures splash water/dust protection.

FOUR SELECTION MODES

4 Selection Modes

Versatile job layout lines can be projected separately or together for a variety of single and combination alignment applications. Modes include single vertical, single horizontal, cross-line & plumb point, and plumb point mode.

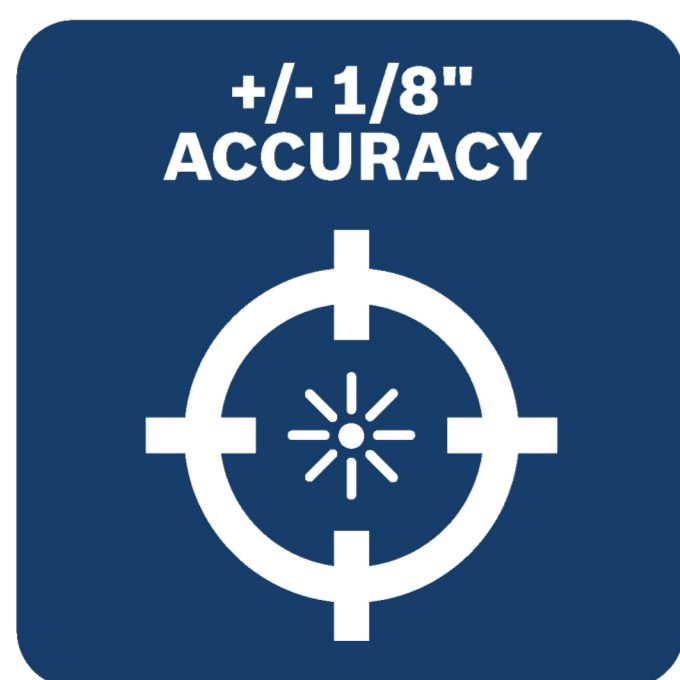

Precise Positioning

RM1 versatile magnetic rotating mount features strong magnets for quick positioning and 360-degree rotation.

Smart Pendulum

The Smart Pendulum System self-levels and locks the pendulum when it is switched off.

Fast and Accurate

The tool offers a visible range of 65 ft. with an accuracy of +/-1/8 in. at 33 ft.

Longer Lasting

VisiMax™ technology monitors power consumption to maximize line visibility and extend battery life.

Hard Case

Hard case included provides protection with each leveling laser for extra durability while the tool is being stored.

Strong Magnets

RM1 rotating mount with extra-strong magnets and fine adjust allows for precise and reliable setup.

IP54 Rated

Robust over-molded construction – IP54 ensures splash water/dust protection for years of dependable operation
