Stops water fast. Really fast.

SpillProtect™ creates a total waterproof solution built into every plank. Our proprietary combination of ultra-tight locking joints and a water-repellent coating keeps spills on the surface instead of allowing them to seep into the core and cause damage to your floor. Liquids can easily be wiped up or allowed to evaporate and when you're looking for a deep cleaning, you can even use a wet mop or a steam mop!

Wood without compromise.

High-heeled shoes, cat claws and dog paws, kid's art projects, kitchen mishaps... your home's flooring faces tough challenges every day. With Pergo, you can have the authentic look and feel of classic hardwood without giving up any of the performance your life needs. In addition to being waterproof, it's wear, fade and stain-proof and has incredible scratch-resistance. So long after hardwood is reduced to splinters, Pergo Outlast+ will still be looking great.

The perfect companion for busy lives.

WHETHER IT'S PETS, POGO STICKS, OR PARTIES, PERGO OUTLAST+ HAS GOT YOU COVERED.
