6030CPAN – A² COMPOSITE PAN

inches (mm)

60 x 30 x 6 (1524 x 762 x 150) • Fax on Demand #1358

A² COMPOSITE

Lightweight and durable, our A² Composite is an engineered compound of resin, glass and special fillers formed into sheets. These sheets are then placed under high pressure and heat to liquify the compound, allowing it to flow and take the shape of almost any form imaginable. The results are simple, stylish and a snap to install.

FEATURES

- Pre-Leveled base
- Slip resistant, textured bottom
- Weep channels in all four corners provide an enhanced path for water drainage
- Extended flange allows more surface for application of finished materials
- Finishing "step" for application of various finishing materials
- Available in White and Biscuit
- Left, right drain
- Durable high gloss finish
- 10 year residential limited warranty

AQUATIC ADVANTAGE

- National distribution
- 5 manufacturing facilities
- Private fleet
- Centralized customer service
- Field support
- 24-hour fax-on-demand
