(2) side support	C		(8) screw caps	F	
			(1) hex key tool	G	

INSTRUCTIONS

Thank you for purchasing a Honey-Can-Do Laundry Sorter. Please follow these step-by-step instructions. Please plan to spend about 15 minutes assembling your new sorter. You can do it!

1. Attach all 4 support bars (**B**) into side support (**C**) using 1 screw (**E**) and 1 screw cap (**F**) per bar. To attach a support bar, insert a screw through one of the holes in the side support. Thread the exposed end of the screw (**E**) through the screw cap (**F**), making sure to have the concave end hug the side support (**C**). Secure the support bar (**B**) by threading onto the exposed end of the screw, turning by hand until the support bar is flush against the screw cap (**F**). Tighten using the hex key tool (**G**) until secure.
2. Set the sorter on its side so the exposed ends of the attached support bars (**B**) point up. Attach the remaining side support (**C**) to the support bars (**B**). To attach, line the side support (**C**) up with the attached side support, making sure they

- are pointed in the same direction. Place a screw (**E**) through a hole in the side support (**C**). Thread the exposed end of the screw (**E**) through the screw cap (**F**), making sure to have the concave end hug the side support (**C**). Line up with the support bar (**B**) and use the hex key tool (**G**) to secure the side support to the support bar (**B**)
3. Attach casters (**D**) to the open ends of the side supports (**C**), screwing until tight.
4. Almost done! Hook laundry bags (**A**) onto the support bars (**B**). Enjoy your Honey-Can-Do laundry sorter!
