

NEW

Locknut Wrench

For all the places you have tight spaces!

The Locknut Wrench, a new Gardner Bender innovation, has been designed to end frustration! It's the perfect tool for locknut operation. It fits the majority of UL locknuts and with its thin profile, makes those normally tight spaces a thing of the past. It can be used to loosen or tighten a locknut by rotating the wrench in the direction of the arrows marked on both ends. It's reliable and durable. The perfect addition to any tool box!

- Thin arms allow access in tight locations.
- Clearly marked tighten and loosen sides.
- Available in three different sizes: 1/2 inch, 3/4 inch, and 1 inch.
- Thin enough to get into any tight spaces but strong enough to get the job done

Master Merchandising

The Locknut Wrench packaging clearly states unique attributes to increase consumer awareness. Multiple merchandising opportunities can be utilized to fit your store needs. Our lineup includes a single carded version with clip strips of our three sizes 1/2 inch, 3/4 inch, and 1 inch, a counter display that calls out unique features of this essential tool, bulk orders to refill displays, and a kit with all three sizes. Having the Locknut Wrench in your store will drive incremental sales and provide your customers with a unique easy to use tool essential for every day jobs.

Work Efficiently and with Ease

- Durable steel construction
- Thin design allows easy maneuvering in tight locations
- Hooked tip latches onto locknut and maximizes turning leverage
- Etched markings allow for easy identification
- Three different sizes to fit every need
