

Use and Care Instructions for All Weather Wicker.

See some important information tips:

- All of our products have been designed and manufactured from quality materials and workmanship, with care and attention to detail.
- To keep your furniture beautiful for as long as possible, we recommend that when not in use, furniture should be appropriately covered or stored away from the sun.
- To care for wicker, wash with a soft brush and using a bucket, mix ½ cup of mild detergent and ¼ cup of bleach in 6 liters of warm water, apply to the wicker with the soft brush, before hosing off thoroughly with water to remove residue.
- Avoid scratching, striking, and placing heavy weight or hot items on the glass tabletop.
- We recommend not leaving cushions out in direct sunlight for extended periods of time. Periodically, brush off dirt and dust from cushions. If soiled, sponge lightly with a mild solution of soap or detergent in warm.
