36" Standing Height Craft & Cutting Table

The Standing Height Craft & Cutting Table is constructed with a durable powder-coated metal frame and thick MDF tops. The two large drop-leaf tops fold down to create extra space in your sewing or hobby room, when not in use. The six wheels allow you to move it to the perfect spot and four of them lock, to keep the table in place while in use. When the folding panels are up, the large table top can be used to spread out fabric and patterns or to work on large projects. Because the height of this table is over 36", you can stand while working, which relieves your back and legs from straining. Need just a little table space? Open only one panel to use a 36.5" x 36.5" table top for a quick, small project.

Fabric Cutting Table with Storage

The Fabric Cutting Table folds easily and has casters for quick storage when not in use. When fully extended these tables offer a work surface that is nearly 60" wide and 36.5" deep making them ideal to spread-out, cut or adjust fabric and patterns. Wire mesh drawers and a bottom shelf offer storage for sewing or craft supplies. The table top height can be adjusted to provide back relief on long projects. The versatility of these tables make them perfect for cutting fabric, craft or hobby projects or as a general extra workspace.

Dart Sewing Table

The Dart Sewing Table is perfect for small spaces and for anyone new to sewing who is looking for a basic, affordable workstation. The simple design and fold-down top make it perfect as a bedroom desk for crafts or for your laptop. Choose from any of the 6 positions for the sewing machine platform so your machine's base is flush with the tabletop. If you choose the top position for the platform, you create a large 41.25" wide x 23.5" deep worksurface for creating, organizing, or cutting.

Folding Multipurpose Sewing Table

The Folding Multipurpose Sewing Table features a large 47.5" wide work surface with a drop down platform that adjusts to 6 height positions. Once the platform is lowered this table can accommodate a sewing machine or keyboard. This table adapts to work in almost every room in the house. Some of the possible uses include: a sewing table, computer table, craft table, general office machine table, extra work space or a folding party table for gatherings.

Pro Stitch Sewing Table

The Pro Stitch Sewing Tables feature a 56.75" wide tabletop that allows you to cut or arrange fabric and patterns. The 9.5" wide drop leaf top folds if less space is needed when not in use. Our upgraded metal mesh drawers are durable and allow you to see your tools and supplies inside them. A lower shelf below the tabletop and below the drawers can accommodate your larger items.

**13382** White/Concrete

Our sewing machine platform allows you to select the perfect height for your sewing machine base to be flush with the table top. This will keep your fabric flowing seamlessly while sewing. This platform can be adjusted to the top position to be flush with the top. If your craft room is also your office, this table can also be used as a computer desk.

#13397 White/White

Pro Line Sewing Table with Side Panel

The stylish Pro Line Sewing Table with Side Panel will update your sewing room with a sleek and modern take on a sewing machine table. When the folding, drop-leaf top and sewing platform are in the top position, you have 56.75" wide x 23.75" deep workspace for crafting, cutting or using a die cutting machine. The sheen UV coated finish protects the surface and allows the fabric to slide easily across the surface. The 23" wide x 10.75" deep sewing machine platform can adjust to six positions, so the base of your sewing machine is flush with the tabletop. The 9.5" wide x 10.75" deep folding tabletop, gives you more workspace when working or can be folded down for more space in your room.

#13398 White/White

Pro Line Sewing Table with Two Drawers

The fresh and chic style of the Pro Line Sewing Table with Two Drawers make it the smart addition to your craft room or home office. The sheen UV coated finish protects the top and allows the fabric to slide easily across the surface. The two full extension drawers are 12.5" wide x 13" deep x 4" high (inside dimensions) for storing your supplies. The 23" wide x 10.75" deep sewing machine platform can adjust to six positions, so the base of your sewing machine is flush with the tabletop. The powder coated finish on the steel frame resists scratching while the crossbars and floor levelers keep the desk stable.

Comet Sewing Table

Are you using a standard table with your sewing machine? The Comet Sewing Table is an affordable and stylish upgrade for your sewing projects. The drop-down platform allows you to align your sewing machine base height to the tabletop height, allowing fabric to glide smoothly across the top. The bottom shelf can store bins and boxes of supplies or your sewing machine when not in use. The drop leaf adds tabletop space for your fabric while sewing or it can be put away for added space in your hobby room.

Comet Sewing Center

The Comet Sewing Center offers a spacious 56.75" wide work surface for your fabric during your sewing projects. You can also fold its drop leaf for more space in your craft room when it's not in use. The modern design and multiple storage options make it a unique choice for your hobby space. The drop-down platform allows you to align your sewing machine base height to the tabletop height, allowing fabric to glide smoothly across the top. Because it is affordable, it's a perfect upgrade if you have been using a standard table for your sewing needs.

Eclipse Hobby/Sewing Center

Finding the time and a place to create is always a challenge. The Eclipse Hobby/Sewing Center features a large 60.25" wide table top that allows you to spread out, cut or adjust fabric and patterns. The 9.5" wide side shelf folds down if less space is needed, when not in use. The three fabric storage drawers and a large lower shelf are available, so you can organize your supplies and keep them close. The unique platform shelf lowers and allows you to adjust for a variety of sewing machine base heights. The heavy gauge steel construction and 5/8" thick top make it a durable table for years of use. The Eclipse Hobby/Sewing Center can also be used with a computer or for extra workspace in any room.

Craft Armoire with Swing-Out Leg

The Sew Ready Craft Armoire combines a table and storage for a small space in your kitchen, office, or craft room. The drop leaf top can accommodate a small sewing machine, a laptop, or can be used for craft projects. It can even serve as a fold away bistro table or bar with storage. Supplies can easily be hidden, so your work area stays tidy. This armoire's enclosed vertical storage provides both versatility and a space saving design for smaller rooms. The swing-out support leg has a castor for easy placement and secures itself under the tabletop for a steady surface. This piece is perfect for anyone looking for a table and storage solution for a small space.

Streamline 3 Tier Multipurpose Cart

Easy to assemble, easy to move, and easy to use, this durable steel organizer cart can store your tools and supplies for almost any room. Great for craft rooms, home office, kitchen, bathroom, or even your garage. Once you fill this cart the durable wheels make it easy to roll it where you need it. The deep shelves hold your items securely while you move and have a mesh bottom. The pegboard styled panel allows you to customize the storage baskets and hooks to your liking. This sturdy all-metal construction is powder-coated to resist rust. The strong casters allow you to swivel it a full 360° to get what you need quickly.

LED Flex Lamp with USB Charging Port

The LED Flex Lamp with USB Charging Port features a daylight color temperature of 4000K for drawing and sketching. The bright 300 lumens and soft flexible neck allow you to illuminate your work area for almost any project. It mounts easily to your desktop or shelf up to 2.25" thick with a durable metal mounting clamp that will not break like plastic clips. It has a UL approved plug and a power cord that is 72" long and has an on/off switch. The USB charging port at the base of the lamp makes it easy to keep your phone or other devices close and charged. The 21" long neck has a soft covering that won't pinch your fingers like metal necks.
