The Osmocote® Difference

Osmocote® Smart-Release® Plant Food Flower & Vegetable has a high total nutrient content (14-14-14). The unique resin coating reacts at relatively low soil temperatures to give plants an early season start. This formula is favored for seasonal vegetables and perennials because it promotes strong roots as well as bountiful and vigorous above-ground growth.

FEEDS UP TO 4 FULL MONTHS

Can Be Used with Edible Plants • Covers up to 40 sq. ft.
