

Lanco® Roof Restore

RC-2787

Description:

Lanco® **Roof Restore** is a powerful multi-surface cleaner designed to penetrate, clean, and remove fungus, mold, and black algae on walls, floors, and roofs. The product comes ready-to-use in a special container featuring a hose end adapter. Simply attach a garden hose, apply the cleaner, wait 15 minutes, scrub and rinse! Lanco® **Roof Restore** is ideal for surface preparation before sealing or for rejuvenating white roof coatings. It is powerful enough to clean weathered surfaces, but gentle enough to avoid damage.

Uses:

Lanco® **Roof Restore** is designed to penetrate and dissolve stains caused by mildew, mold, algae, moss and lichen. Use on bare or coated concrete, metal, wood, brick, block, asphalt shingles and polyurethane foam. This powerful cleaner works on your roof, walls, floors, deck, driveway, walkways, siding, fences and more. Follow all the product label instructions.

Product Advantages:

- Restores whiteness and reflectivity of acrylic elastomeric and silicone roof coatings
- Coverage: 2,000 ft² per gallon
- Ready-to-use with hose adapter
- Does not contain acid or bleach
- Plant and grass-safe
- For roofs, walls and floors
- Works in 15 minutes
- Penetrates and cleans the surface
- Acts on contact
- Kills and removes mold, fungus and algae

pH:	7.0 - 8.0
Sizes:	1 gallon
Thinning:	Only via hose adapter
FlashPoint:	Non-flammable
Viscosity:	Liquid
VOC:	0.39 wt% after dilution
Coverage:	2,000 sq/ft per gallon

Disclaimer: This technical data is true and accurate to the best of our knowledge. Published technical data and instructions are subject to change without notice.

Application:

1. Check forecast to ensure no precipitation in the 12 hours after application.
2. Attach garden hose to nozzle with valve in "OFF" position. Turn on water to the hose.
3. Turn the nozzle to "CLEAN" position.
4. Apply thoroughly in all areas.
5. To stop spraying, turn the nozzle to "OFF" position.

CAUTION: The surfaces may be slippery.

6. Allow the product to sit for 15 minutes.
7. Apply more cleaner if the product is drying or evaporating within 15 minutes.

Without Pressure Washer:

8. Turn the nozzle to "RINSE" position and thoroughly rinse the area with water.
 9. To stop spraying, turn nozzle to "OFF" position.
- If staining persists, a second cleaning may be required.

With Pressure Washer:

8. Thoroughly rinse the area with a pressure washer to completely remove the cleaner.
- If staining persists, a second cleaning may be required

Dilution:

The hose end applicator is designed to ensure the correct product dilution. Do not remove the hose adapter. Do not dilute. Do not combine with other detergents.

Limited warranty: The warranty of this product is limited only to the replacement of the product if it should fail to comply with standards or specifications. Lanco does not guarantee and shall not be liable for damages arising out of purchaser's failure to apply the product in accordance with our instructions. This warranty excludes labor and costs of labor for the application or removal of any products and any incidental or consequential damages. If not satisfied with the guarantee, contact Lanco with sales receipt(s).

Cautions: Avoid contact with eyes. In case of contact, rinse with plenty of water. It should not be in continuous contact with skin. It should not be used or mixed with other detergents.

Do not ingest. If it occurs, do not induce vomiting. Call a doctor immediately. Provide this information and the safety information on the container and SDS.

SDS available online.

Keep Out Reach of Children.

For chemical emergency only, Call Chemtrec 1-800-424-9300.

Ensure the cap is tight and gallon is upright and secure before transporting. Do not allow gallon to roll as this may cause cap to loosen and allow leakage to occur. Place on top of a protective cloth in cargo area of vehicle to prevent damage from accidental spills.

Use only with adequate ventilation.
