LAMINATE WOOD FLOORS

This simple chart will help you find the coordinating Performance Accessories molding color for your new laminate wood floors. Just search for the name of your floor or check the *You Might Also Need* section on the flooring page on [homedepot.com](https://www.homedepot.com).

Performance Accessories moldings are available in several profiles to complete your flooring project. Use the Internet SKU number listed in this guide to find your coordinating products on homedepot.com. Can't find your floor in our chart? No problem. Just check the *You Might Also Need* section of the flooring product page on homedepot.com for all the available moldings in that color family. Some laminate wood and vinyl plank floors will work with the same color family, so make sure you are shopping in the appropriate flooring category.

For a clean and simple look, Performance Accessories offers quarter round and wall base in a traditional white finish. These moldings work with all floors in this guide. And for waterproof flooring installations, try our waterproof white quarter round to cover expansion gaps around the perimeter of your room. This vinyl quarter round is completely waterproof and will help protect the edges of your floor when installed with a bead of 100% silicone applied between the bottom of the molding and the flooring surface. See flooring install instructions for details.

The All-In-One Molding.

• Available in laminate wood or vinyl.
Our multifunctional transitions mean you always have the right piece, even when you're not sure what you will need. One single piece can transform into four different profiles.

T-MOLDING
Connects two sections of hard surface floor of the same height.

HARD SURFACE REDUCER
Joins two sections of hard surface floor of different heights.

END MOLDING
Finishes a hard surface floor at a sliding door, fireplace or vertical surface.

CARPET TRANSITION
Finishes a hard surface floor where it meets carpet.
