

# RUGGED TUB<sup>TM</sup>

## LAUNDRY & GARAGE SINKS

Built to take the abuse

[ruggedtub.com](http://ruggedtub.com)

## INNOVATING TO SIMPLIFY YOUR LIFE

At RuggedTub™, our mission is to develop products that meet your quality, toughness, durability and style requirements. Our utility sinks are designed and made in Canada by a devoted team that is focused on developing the best products to simplify your life.

We care about the environment and the long-term health of our planet. That's why our products are fully recyclable and our black sinks are made with 100% post-consumer recycled materials. Product lifecycle management is at the center of our design process.

## BUILT FOR HEAVY USE

RuggedTub™ offers innovative utility sinks available in a variety of colors and formats. They are made of high-density polypropylene and will stand up to the most demanding residential, commercial and industrial uses. RuggedTub™ sinks are fully tested and certified by Intertek to meet CSA and IAPMO standards.
