

November 20, 2012

To Whom It May Concern:

This will confirm that Viega LLC authorizes the use of ProPress® Fittings for underground installation for currently approved applications. This letter approves such use by Viega and warrants the product under Viega's Limited Warranty, but does not supersede state or local regulations. Any installation must meet all state and local codes, including those for under slab installation, and proper authorization and/or permits must be obtained prior to installation.

If you have any questions, please contact Viega Technical Services at (877) 843-4262 X 350, or your local Viega District Manager.

Thank You for choosing ProPress®

Regards,

Viega Technical Services
