Use and Care Manual – Outdoor Gazebo

Thank you for choosing our outdoor gazebo. To ensure long-lasting enjoyment and safety, please follow the guidelines below.

Before First Use

Carefully read and follow the assembly instructions provided with your gazebo.

Ensure all parts are accounted for before assembly.

Assemble the gazebo on a flat, stable surface.

For safety and stability, always anchor the gazebo to the ground using the provided hardware.

General Use

This gazebo is designed for residential outdoor use only (e.g. patios, lawns, decks).

Avoid placing the gazebo under trees with heavy falling branches or near flammable materials.

Do not use during extreme weather conditions such as strong winds, heavy snow, or storms.

Care and Maintenance

Frame:

- Clean the metal or wood frame periodically using mild soap and water.
- For powder-coated or painted surfaces, touch up any scratches promptly to prevent rust or deterioration.
- If made of wood, apply sealant or protective wood oil annually to maintain durability.

Curtains and Canopy (if applicable):

- Remove curtains/canopy before storms or heavy snow to prevent damage.
- Clean fabric using a soft brush and mild detergent; let it air dry completely before reinstalling.
- Store fabric indoors during the off-season or extended periods of non-use.

Roof Panels (if applicable):

- For hardtop gazebos with steel or polycarbonate panels, inspect regularly for debris.
- Use a soft cloth or sponge and non-abrasive cleaner to wipe the roof clean.
- Never stand or climb on the roof structure.

Seasonal Storage

If you live in an area with severe winters or strong wind seasons, disassemble and store your gazebo in a dry place, or remove the canopy and curtains while keeping the frame anchored.

Store all fabric parts indoors in a dry, well-ventilated location.

Safety Tips

Never leave children unsupervised around the gazebo.

Do not hang heavy items from the frame or roof unless a hook is provided and weight limits are specified.

Always follow load and wind resistance specifications in your product manual.

Warranty and Support

Please refer to your product warranty card for details. For assistance, contact our customer support team with your order number and product details.
