MOLDINGS AND TRANSITIONS

Only at

A Solution for Every Need.

NOTHING FINISHES A ROOM LIKE PERFORMANCE ACCESSORIES™.

These stylish moldings and transitions dress up your design, tying your floor into your décor, or literally bridging the gap between two rooms.

Available in a wide variety of coordinating looks, **Performance Accessories installs easily and quickly**, and can save you time and money.

As a premier molding manufacturer, we have expertise working with all the leading flooring brands and products. We know moldings, and our products are ideal solutions for floating laminate and vinyl floors at The Home Depot.

QUARTER ROUND AND WALL BASE

Expansion gap coverage
for all floating floors.

join different types of flooring.

STAIR NOSE MOLDING

Seamlessly match your
flooring to your stairs.

A Beautiful Finish

for Every Floor.

Today there are floating floors available in a wide variety of looks and materials, including laminate and luxury vinyl plank. Although the materials and styles may differ, every floating floor needs an expansion gap between the floor and the wall.

To cover these gaps and finish the floor, Performance Accessories has wall base and quarter round molding in a variety of colors and paintable white options to coordinate with the flooring sold at The Home Depot. This molding installs easily and helps integrate your new floor with the rest of the room.

- Installs easily with nails or glue
- Pre-finished molding — no painting or staining required
- Install on any level of the home
- Can be installed over smooth, flat, dry surfaces — even existing concrete, tile, vinyl or wood

Coordinating Wall Base

Coordinating End Molding

Design Tip

Create a polished, seamless look by blending your moldings with your floors.

Lay out planks from multiple boxes before installing them, and then choose the ones that most closely match your molding color to install near doorways or around the edge of rooms.

One Kit

Four Transitions

When two floors come together, or when you need to finish the flooring in front of a fireplace or sliding door, Performance Accessories™ has the right transition for the project. **Our innovative 4-in-1 multifunctional molding kit** can be configured for use as a T-molding, a hard surface reducer, a carpet transition or an end molding.

Just one kit joins any type of surface together for a smooth, easy transition. And the end molding can be used to seamlessly transition to architectural features. With just one kit, you're prepared for anything — saving you time and money and reducing waste.

- Available for laminate and vinyl plank floors
- No painting or staining necessary
- Install on any level of the home
- Can be installed over smooth, flat, dry surfaces — even existing concrete, tile, vinyl or wood
- One kit contains 78-inches of molding — enough to cover two standard doorways

T-MOLDING

Use as a transition in doorways or to join two hard surfaces of equal height.

CARPET TRANSITION

Use to finish your hard surface flooring where it meets carpet.

HARD SURFACE REDUCER

Use when transitioning between hard surfaces of different heights, like vinyl plank or laminate to tile.

END MOLDING

Use to finish a hard surface floor against fireplaces, sliding doors, and more.

Stylish Stairs

with Stair Nose Molding

Want to continue your flooring's look right up the stairs? Performance Accessories stair nose lets you create seamless and stunning transitions.

And our **stair nose molding provides a wear surface** for the stair's leading edge and covers the gap between the riser and the tread.
