VEVOR®

Tough Equipment & Tools, Pay Less

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Single-Acting Power Unit

This single-acting hydraulic power unit has a 220V AC motor (Power:2.2kw) and a 10-liter metal reservoir; The max relief pressure is set at 2950 PSI. The rated speed: 2850 r/min.

Convenient Design

Our hydraulic electric pump is fully assembled. It's designed with a convenient start button and control handle and comes with additional connectors. The whole power unit is easy to wire and easy to operate.

Quick Start & Lifting

With the powerful electric motor, our hydraulic pump for car lifts can start rapidly and provide quick oil output. In addition, it can provide strong power that will lift cars in a short period.

Long Lasting

You can rely on the quality of this electric hydraulic pump as it is made of special-treated sturdy metal, and the whole structure has been reinforced. It is also equipped with a powerful motor that you can use as often as you like.

Simple Installation

This car lift power unit has been pre-assembled before delivery, and it can be installed horizontally or vertically. We provide instructions for operation so that you can install and use the hydraulic pump easily.

Wide Application

This hydraulic pump has been widely used as a power unit for hydraulic systems like car lifts to lift cars for repair, it can also be used for scissor lift, aerial platform, wheelchair lifts, etc.

Specifications

- Voltage: 208-240V AC
- Power: 2.2 KW
- FR: 60 HZ
- Motor: 3 HP
- Ports: SAE6
- Tank material: Steel
- Relief Pressure: 2950 PSI
- Pump Pressure: Adjustable
- Pump Displacement: 2.1 CC/Rev
- Mounting: Universal
- Tank Size: 10l (2.64gallons)
- Motor Speed: 2850 RPM
- Pump rated flow: ≥4.5 (L / min)
- Pump Type: Hydraulic
- Displacement: 0.129 Cubic Inches
- Inlet Port: 14mm 18 SAE
- Outlet Port: 14mm 18 SAE
- Overall Dimensions: 28.5" L x 8" W x 10" H / 724 x 203 x 254 mm
