READ ALL INSTRUCTIONS BEFORE USE

To reduce the risk of injury to persons:

1. Some parts may contain sharp edges. Wear protective gloves.
2. Please count the parts before assembly.
3. Set up your furniture properly. Ensure that all parts are assembled properly and fully tightened as per instructions. When placing in the desired location, ensure that all legs are resting on the same surface. You may adjust the leg levelers as required to ensure that the item stands in a level position.
4. Examine occasionally to ensure that there are no loose parts. If loose parts are found, they must be re-tightened fully before additional use.

DANGER: Keep children and parts away from the assembly area.

WARNING: To avoid destroying the finish, please handle the surface by using a soft cloth instead of your bare hands. Due to the nature of iron, surface oxidation (rusting) will occur once these protective coatings are scratched. We recommend immediate touch-up with rust inhibiting paint (not included).

CAUTION: Do NOT over tighten any of the bolts or nuts.
