

# TILE DOCTOR® GROUT HAZE REMOVER

## DESCRIPTION

The **TILE DOCTOR® Grout Haze Remover** is a ready to use one-step solution for removal of epoxy grout haze from ceramic, porcelain, glass and natural stone surfaces. It's a non-flammable, low odor formula that works with **TILE DOCTOR®** grout products.

## USES

Removal of excess epoxy grout haze left behind 24 hours after initial installation and clean-up of **TILE DOCTOR®** grout products.

## APPLICATION

Do not use **TILE DOCTOR® Grout Haze Remover** BEFORE 24 hours after grouting. Read entire label before using. Always test a small inconspicuous area to ensure the desired result is achieved. Be sure surface is swept clean and free of any loose debris or contaminants. Do not dilute before applying. Apply full strength. Spray **TILE DOCTOR®** grout haze remover on surface to be cleaned. Let grout haze remover dwell on the surface for 15-30 minutes. Clean with the help of the **Tile Doctor®** white felt scrub pad if required. Rinse with clean water and rotate water frequently. Dry the tile and grout surface with a clean, dry cloth and do not allow evaporation of the rinse water in order to avoid a haze

## STORAGE

Store between 40° F and 90° F and out of direct sunlight. Avoid freezing.

## LIMITATIONS

This product will affect floor finishes, painted surfaces and coatings. Take care the product only comes in contact with tile surface where grout haze is present.
