

	Description of Section's Relevance	Backwater Valves	Rainwater Collection System
Product Offerings	Various products offered by Oatey SCS® that apply to information as follows.	<ul style="list-style-type: none"> • Oatey PVC Backwater Valves • Oatey ABS Backwater Valves • Oatey ABS and PVC Backwater Valve Accessories 	<ul style="list-style-type: none"> • Oatey Mystic™ Rainwater Collection System
Low Emitting Materials- VOC Emission Limits	Strictest VOC regulatory limit in which governs the above products.	There are no VOC regulations for these products.	There are no VOC regulations for this product.
Low Emitting Materials-Product VOC Content	Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.	These products have no VOC content.	This product has no VOC content.
Building Product Disclosure- Recycled Content of Materials	Recycled content used within product that may assist in earning LEED points.	There is no recycled content used within these products.	There is no recycled content used within this product.
PBT¹ Source Reduction-Lead, Cadmium, Copper	Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.	There is no lead, cadmium, or copper present in these products.	There is no lead, cadmium, or copper present in this product.

Red List Content	Any red list materials as defined by the Living Building Challenge (LBC).	PVC backwater valves and accessories contain Polyvinyl Chloride, which has been red listed by the LBC.	Mystic™ rainwater collection system contains Polyvinyl Chloride, which has been red listed by the LBC.
Conflict Mineral Content	Any materials within the product that may be from the DRC (Democratic Republic of Congo).	These products contain no conflict minerals.	This product contains no conflict minerals.
Hazardous Substance Content (ROHS)	Any substances contained within the product reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.	No substances present which are reportable per ROHS guidelines.
Location(s) Where Manufactured	Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles ² of this location, LEED credit may be earned.	Locations of manufacturing: <ul style="list-style-type: none"> • Ningbo, China 	Locations of manufacturing: <ul style="list-style-type: none"> • Englewood, Colorado
Additional Information	Additional product information relative to LEED or environmental health and safety.	There is no additional information for these products.	Using this product as a source of outdoor irrigation from natural sources of rain may help to earn LEED credit in the Outdoor Water Use Reduction category.

¹PBT's are known as Persistent Bioaccumulative Toxins.

²For use in determining distance between jobsite and manufacturing location in straight-line miles, use tool provided by this link <http://www.daftlogic.com/projects-google-maps-distance-calculator.htm>.
