ENERGY EFFICIENT

WASHABLE REMOVABLE FILTER

There's a unit for any size room you may have. The larger the room, the higher the number of BTUs necessary to cool it. To find the perfect size, measure the room length by the room width.

These window air conditioners offer convenience with features such as programmable timers, remote control operation, and adjustable settings. Users can easily set their desired temperature and customize cooling preferences according to their needs.

Maintenance has never been easier. The unit comes with a washable, removable mesh filter that has a Check Filter alert so you when it's time to remove and clean it.
